

## 7.1.1 REFLECTION

*After working with the "Roaring Twenties" for the last 8 days, reflect on the experience. I am looking for three paragraphs: 1) Describe the process of creating your Keynote/essay including anything you learned, how you researched, etc.; 2) Summarize the feedback you received on the 7.1.1 discussion page ([click here and it should take you there](#)) describing how others felt about your work; 3) Reflect upon your own work and describe steps you could take to make it better, even if your grade was 20/20. Export to PDF and upload to your wiki and link to your student page when finished.*

*I did not finish my project. I did do research and I did learn a couple of things. I decided to do my report on Duke Ellington. I learned that he was a Jazz musician. He called his music "American Music" rather than Jazz. He also was one of the greatest history figure for Jazz. After hi death his reputation increased.*

*Well because I didn't finish my project I guess my feedback would be horrible. If I did finish my project my feedback would still not be good. I guess I am not that good at writing essays. There would be comments like you need more information.*

*My work was not the great because I did not finish. I didn't finish because I did not use my time wisely. What I need to do is organize my work and pay attention.*
